COVID 19 Work Site Compliance Statement

Associated doc: CVE site Risk assessment CVE -33

We confirm we have complied with the governments guidance on managing the risk of COVID – 19

We have carried out a COVID 19 risk assessment – CVE 33 RA. And shared the results with the people that work here.

We have cleaning, handwashing, and hygiene procedures in line with the guidance – as frequently as possible.

We have taken all reasonable steps to help people work from home.

Where people cannot be 2m apart, we have done everything practicable to manage transmission risk – we have re-arranged offices, purchased additional dividing screens, provided face masks and disposable gloves.

Thomas Aldridge

Head of Operations & Health & Safety Manager
